

We would like to take the opportunity to welcome you and share some insights about what we do for our patients. Our purpose is to help people achieve the highest level of well-being appropriate for them and in so doing, to enhance the quality of their lives. In other words, we help you be or become as healthy as you choose. Instead of telling you how healthy you ought to be, we will try to help you understand your choices about dental health and then let you make a free and informed decision. Your first choice in this regard is how you would like to begin with us. There are five levels on which people may choose to be seen in our practice.

Please check the level of care you feel most appropriate for you at this time.

☐ Level 1...URGENT CARE

- People in crisis or with an emergency problem such as pain, swelling or bleeding that need our immediate help are at this level.

☐ Level 2...REMEDIAL CARE

- People who choose this level of care desire treatment only when something breaks or becomes uncomfortable. They usually want to correct immediate problems with as little effort and cost as possible.

☐ Level 3...SELF-CARE

- Patients who choose this level of care want a thorough examination and take an active part in the treatment and prevention of present and future disease problems. However: they usually choose repair solutions that are short range in nature.

☐ Level 4...COMPLETE DENTISTRY

- Patients at this level are similar to people described in level 3. They choose to have a thorough examination. However, they decide on a MASTER PLAN to formulate a long-term treatment plan for health and repair. These patients are very concerned about treating the causes of dental disease, not simply the effects. These patients want all dental treatment provided to be completed in the most lasting fashion as possible.

☐ Level 5...LOOK YOUR BEST

- People in this group are in the level 4 as far as dental health is concern, but also want to look their best at all times. They know that their smile is the first thing others notice about them and want to put their best foot forward. They are willing to make the investment necessary for dental health.

We hope these levels make sense to you. It is not uncommon for people to begin at one level and progress to another over time. Thank you for the opportunity to let us serve you and provide you with the best dentistry appropriate for you.
